Age Children Quit Regularly Playing a Sport

Sports	Average Age of Last Regular Participation	Average Length in Years of Participation
Soccer	9.1	3.0
Ice Hockey	10.9	3.1
Tennis	10.9	1.9
Basketball	11.2	3.2
Field Hockey	11.4	5.1
Golf	11.8	2.8
Skateboarding	12.0	2.8
Track and Field	13.0	2.0

㉔Meanwhile, track and field was the only sport that children quit playing at the average age of older than 12, but the average length of participation was the shortest second to tennis.

- ① a ② b ③ c ④ d ⑤ e

The above table shows the average age of last regular participation of children in a sport and the average length of participation based on a 2019 survey. ㉔Children quit playing sports above at an average age of older than 10 except for soccer. ㉕Children quit playing ice hockey and tennis at the same age on average, but the average length of participation in ice hockey was less than twice that in tennis. ㉖Though the average length of participation in field hockey was the longest among the eight sports, basketball and field hockey were sports which children quit playing on average before they became 12. ㉗Both golf and skateboarding had the same average length of participation but children quit playing skateboarding a little younger than golf on average.

① a ② b ③ c ④ d ⑤ e

Sport	Average Age of Last Regular Participation	Average Length in Year of Participation
Soccer	9.1	3.0
Ice Hockey	10.9	3.1
Tennis	10.9	1.9
Basketball	11.2	3.2
Field Hockey	11.4	5.1
Golf	11.8	2.8
Skateboarding	12.0	2.8
Track and Field	13.0	2.0

The above table shows the average age of last regular participation of children in a sport and the average length of participation based on a 2019 survey. Ⓐ Among the eight sports above, soccer was the only sport that children quit at an average age of younger than 10. Ⓑ Children quit playing ice hockey and tennis at the same age on average, but the average length of participation in tennis was shorter than that of ice hockey. Ⓒ Basketball, field hockey, and golf were sports which children quit playing on average before they turned 12, but golf had the longest average participation length among the three sports. Ⓓ Skateboarding was a sport children quit at the average age of 12, and the average length of participation was the same as golf. Ⓔ Meanwhile, children quit participating in track and field at the average age of 13, but the average length of participation was the second shortest among the eight sports.
