다음 글의 밑줄 친 부분 중, 문맥상 낱말의 쓰임이 적절하지 않은 것은?¹ [H1-1806 38번]

Acoustic concerns in school libraries are much more important and complex today than they were in the past. Years ago, before electronic resources were such a vital part of the library environment, we had only to deal with ①noise produced by people. Today, the widespread use of computers, printers, and other equipment has ②added machine noise. People noise has also increased, because group work and instruction are essential parts of the learning process. So, the modern school library is no longer the ③quiet zone it once was. Yet libraries must still ④remove quietness for study and reading, because many of our students want a quiet study environment. Considering this need for library surroundings, it is important to design spaces where unwanted noise can be ⑤eliminated or at least kept to a minimum.

- ① a ② b ③ c ④ d ⑤ e

Acoustic concerns in school libraries are much more important and complex today than they were in the past. Years ago, before electronic resources were such a vital part of the library environment, we had only to deal with noise produced by people. ①Naturally, this urged librarians and teachers to discipline the students to create a quite atmosphere for reading and studying in the school library. Today, the widespread use of computers, printers, and other equipment has added machine noise. ②In fact, students utilize their own electronic devices such as smart phones and tablet PCs for studying these days, so they tend to carry them there as well. ③Human noise has also increased, because group work and instruction are essential parts of the learning process. Thus, the modern school library is no longer the quiet zone it once was. ④Many people insist that school libraries should serve a wider range of functions, such as spaces for cultural events or local communications, as well as studying. ⑤Yet, libraries must still provide quietness for studying and reading, because many of our students want a quiet study environment. Considering this need for library surroundings, it is important to design spaces where unwanted noise can be eliminated or, at least, kept to a minimum.

- ① a ② b ③ c ④ d ⑤ e

Acoustic concerns in school libraries are much more important and complex today than they were in the past. Years ago, before electronic resources were such a vital part of the library environment, we had only to deal with noise produced by people. Today, the widespread use of computers, printers, and other equipment has added machine noise. People noise has also increased, because group work and instruction are essential parts of the learning process. So, the modern school library is no longer the quiet zone it once was. Yet libraries must still provide quietness for study and reading, because many of our students want a quiet study environment. Considering this need for library surroundings, it is important to design spaces where unwanted noise can be eliminated or at least kept to a minimum.

- ① 학교 도서관에서 소리에 대한 염려는 오늘날 훨씬 더 중요하고 복잡하다.
- ② 전자 장비들이 도서관 환경의 아주 중요한 일부가 되기 전에는 사람들이 만들어 내는 소음을 처리하기만 하면 되었다.
- ③ 집단 활동과 교사의 설명이 학습 과정의 필수적인 부분은 아님에도 불구하고 사람의 소음이 증가하였다.
- ④ 많은 학생들이 조용한 학습 환경을 원하기 때문에, 도서관은 공부와 독서를 위해 여전히 조용함을 제공해야 한다.
- ⑤ 원치 않는 소음이 제거되거나 적어도 최소한으로 유지될 수 있는 공간을 만드는 것이 중요하다.
