다음 글에서 전체 흐름과 관계없는 문장은?¹ [20년 3월 29
번]

"You are what you eat." That phrase is often used to show the relationship between the foods you eat and your physical health. ㉠But do you really know what you are eating when you buy processed foods, canned foods, and packaged goods? ㉡Many of the manufactured products made today contain so many chemicals and artificial ingredients that it is sometimes difficult to know exactly what is inside them. ㉢Fortunately, now there are food labels. Food labels are a good way to find the information about the foods you eat. ㉣Labels on food are like the table of contents found in books. ㉤But many people still cling to the misguided belief that every food label is correct and reliable. The main purpose of food labels is to inform you what is inside the food you are purchasing.
