다음 글의 밑줄 친 부분 중, 어법상 옳은 것은?¹ [20년 9월 24번]

The loss of many traditional jobs in everything from art to healthcare will partly ①offset by the creation of new human jobs. Primary care doctors who focus on diagnosing known diseases and ②given familiar treatments will probably be replaced by AI doctors. But precisely because of that, there will be much more money to pay human doctors and lab assistants to do ground-breaking research and develop new medicines or surgical procedures. AI might help ③create new human jobs in another way. Instead of humans ④compete with AI, they could focus on servicing and using AI. For example, the replacement of human pilots by drones ⑤have been eliminated some jobs but created many new opportunities in maintenance, remote control, data analysis, and cyber security.

- ① a ② b ③ c ④ d ⑤ e

주어진 글 다음에 이어질 글의 순서로 가장 적절한 것은?² [2020년 9월 24번]

The loss of many traditional jobs in everything from art to healthcare will partly be offset by the creation of new human jobs. Primary care doctors who focus on diagnosing known diseases and giving familiar treatments will probably be replaced by AI doctors.

(A) AI might help create new human jobs in another way. Instead of humans competing with AI, they could focus on servicing and using AI.

(B) For example, the replacement of human pilots by drones has eliminated some jobs but created many new opportunities in maintenance, remote control, data analysis, and cyber security.

(C) But precisely because of that, there will be much more money to pay human doctors and lab assistants to do groundbreaking research and develop new medicines or surgical procedures.

위 글의 밑줄 친 부분 중 어법상 어색한 것을 두 개 고르면?³

- ① a ② b ③ c ④ d ⑤ e

위 글의 내용을 한 문장으로 요약한 것이다. 빈칸 (A), (B)에 알맞은 단어를 본문에서 찾아 쓰시오. 단, 필요시 어형을 변형할 수 있음⁴

Although Ai replaces many traditional jobs, it helps (A)_____ more money for human resources to do more things, and create other new job (B)_____.

(A): _____

(B): _____

다음 글의 빈칸 (A), (B)에 들어갈 말로 가장 적절한 것을 순서대로 나열한 것은?⁵ [20년 9월 24번]

The loss of many traditional jobs in everything from art to healthcare will partly be offset by the creation of new human jobs. Primary care doctors who focus on diagnosing known diseases and giving familiar treatments will probably be replaced by AI doctors. (A)_____ precisely because of that, there will be much more money to pay human doctors and lab assistants to do groundbreaking research and develop new medicines or surgical procedures. AI might help create new human jobs in another way. Instead of humans competing with AI, they could focus on servicing and using AI. (B)_____, the replacement of human pilots by drones has eliminated some jobs but created many new opportunities in maintenance, remote control, data analysis, and cyber security.

(A) (B)

- ① Moreover Meanwhile
 ② However For instance
 ③ However On the other hand
 ④ Therefore In addition
 ⑤ Therefore In other words

다음 글에서 문맥상 낱말의 쓰임이 적절하지 않은 한 부분을 찾아 고칠 부분을 적고, 주어진 답안 작성 예시에 맞게 이를 바르게 고치시오.⁶ [20년 9월 24번]

The loss of many traditional jobs in everything from art to healthcare will partly be offset by the creation of new human jobs. Primary care doctors who focus on diagnosing known diseases and giving familiar treatments will probably be replaced by AI doctors. But precisely because of that, there will be much more money to pay human doctors and lab assistants to do groundbreaking research and develop new medicines or surgical procedures. AI might help create new human jobs in another way. Instead of humans competing with AI, they could focus on servicing and using AI. For example, the replacement of human pilots by drones has eliminated some jobs but created many new opportunities in maintenance, remote control, data analysis, and cyber security. The US armed forces need thirty people to operate every unmanned Predator or Reaper drone flying over Syria, while analysing the resulting harvest of information occupies at least eighty people more. In 2015 the US Air force had enough trained humans to fill all these positions, and therefore faced an ironic crisis in manning its unmanned aircraft.
