

The Canadian Veterinary Journal La Revue vétérinaire canadienne

March/Mars 2021 | Volume 62, No. 03 |

Iridociliary adenoma in a greater sulfur-crested cockatoo (*Cacatua galerita galerita*)

Passive transfer of colostral leukocytes: A benefit/risk analysis

Effects of a perioperative antibiotic and veterinary probiotic on fecal dysbiosis index in dogs

American and Canadian veterinarians' perceptions on dog and cat core vaccination rates and the impact of the human medicine anti-vaxx movement on veterinary medicine

An Internet survey of risk factors for injury in North American dogs competing in flyball

Conservative management of sacroiliac luxation in 17 dogs: Radiographic changes and long-term owner follow-up

Hemagglutinin inhibition antibody responses to commercial equine influenza vaccines in vaccinated horses

Prevalence of early postpartum health disorders in Holstein cows and associations with production, reproduction, and survival outcomes on Alberta dairy farms

Novel strategy to decrease the fraction of inspired oxygen (FiO₂) of an anesthetic circuit using a commercially available fish tank air pump: An *in vitro* study

Relationship between hepatic grayish-white solid nodules in horses imported from Canada and larval *Echinococcus multilocularis* infection
